

BATHROOM DESIGN ENTRY FORM QUESTIONS

After you've filled in all your contact details, here's the questions you'll be asked to fill in about your project. We recommend writing the answers out and then cutting and pasting them into the online form just in case.

You can save your entry and come back to it at any time. However, once you hit 'SUBMIT' you cannot change it.

You will also be asked to upload any images you have too - **PLEASE include floorplans**, the judges always look for them and their absence definitely hinders your chance of success.

You can also use that option to upload video too, but our file limit size is 50Mb.

1. This project was commissioned by...
Current/future resident of property
Specifier/Developer/Housebuilder
2. The total project cost paid to you by your client was...
