

After you've filled in all your contact details, here's the questions you'll be asked to fill in about your project. While you can save as you go, we recommend writing the answers out and then cutting and pasting them into the online form just in case.

You will also be asked to upload any images you have too - PLEASE include floorplans, the judges always look for them and their absence definitely *significantly* hinders your chance of success.

1. This project was commissioned by...
  - Current/future resident of property
  - Specifier/Developer/Housebuilder
2. The total project cost paid to you by your client was...
3. This figure includes (tick where appropriate) ...
